

## Wondering Where Your Stimulus Check Is? Have Questions?

Wondering what the status is of your stimulus check or have other questions regarding the EIP?

If you have access to a computer, you will be able to access the same information we can. So, before you call us, please go to the official IRS website ([www.irs.gov](http://www.irs.gov)) and click on the “Get Coronavirus Tax Relief” link found on the IRS Home Page. You will now be on the “Coronavirus Tax Relief and Economic Impact Payments” page.

To check your status:

1. Click the “Check your payment status” link in the “Economic Impact Payments” section
2. Click the blue “Get My Payment” button
3. Click the blue “Get My Payment” button (again)
4. Click OK on the following page
5. Enter the information requested

Please note:

- Only check your status once a day or you may be locked out.
- There is no guarantee you will be able to enter your bank account information as this system will not work for everyone. If after several attempts you can't proceed, or you get the “Payment Status Not Available,” you will need to wait for a paper check.

For more explanation, or for other questions, check out the Frequently Asked Questions in the “Latest Updates on Coronavirus Tax Relief” section on the “Coronavirus Tax Relief and Economic Impact Payments” page. Note there are two different FAQ sections: *Economic Impact Payments* and *Get My Payment*. See also the section regarding “Reason you may get ‘Status Not Available.’”

For security reasons, the IRS will be mailing a letter about the EIP to the taxpayer's last known address within 15 days after the payment is directly deposited. The letter will provide information on how the payment was made and how to report any failure to receive the payment.

Above all, be patient.
